Jim,

I have a tape of Jean Shepherd live at Notre Dame in May of 1973. It is almost 90 minutes in length. Several years ago I had it transferred to DAT format but I can send it to you in any form you wish. Just let me know.

thanks,
Mike Doran

Thanks,

I had gotten the date back in 2001 from someone who had a tape of the whole show and was going to send it to me, but he never found it.

The review is cut off on the bottom. Do you have the whole thing? Also do you have the date the article was printed?

Jim

Jim-While I was a student, Shep appeared at Notre Dame on November 9, 1972 not May of 1973. I was there that night and had the good fortune on interviewing him after the show for the campus radio station WSND. I don't know whether I still have the tape, but here is a review of the show by the Notre Dame student paper, The Observer.
