Well, the Sirtul date must be wrong. The news at the top talks about Lindsey firing welfare workers who put up a family at the Waldorf Astoria. here's the article, which confirms the 1971 date:

Further news at end from Dec 06, 1969 - this show recorded over it??

Compared side by side, other than a big pitch difference, the shows are identical - no added commercials, etc. The Zirul copy is in much better sound and has news front and back.
